

each.

- Include a section that describes what the Kumu map is showing and how people can use the site. Include links to my program lists so people can go from the map to the Tutor/Mentor website to find current information and to connect with some of these organizations on social media.

Additionally, I've asked Kishore Kumar Ramkumar of TeamK for recommendations for the 2026 team and they are in this pdf: <https://drive.google.com/file/d/1t4-JIMOb5jYBkbAkaGNzB18K6aeleG3l/view?usp=sharing> ↗ (<https://drive.google.com/file/d/1t4-JIMOb5jYBkbAkaGNzB18K6aeleG3l/view?usp=sharing>).

Publication Notes:

I would like to approve the results and be given recognition as the source of this idea. A link to the <http://www.tutormentorexchange.net> 🔗 <http://www.tutormentorexchange.net>) website should be included. Please make sure my name is spelled correctly in the final report - Daniel F. Bassill

Project Sponsor Biography:

I focus on connecting people, ideas, information and resources to solve complex problems, such as helping kids born in high poverty areas move through school and into jobs and careers.

I created the Tutor/Mentor Connection in 1993, and Tutor/Mentor Institute, LLC in 2011, with the goal of helping high-quality tutor/mentor programs reach more youth in all poverty areas of Chicago to help similar programs grow throughout Chicago and in other cities.

Between 1975 and 2011, I helped create three of the most respected tutor/mentor programs in Chicago, as

- Montgomery Ward-Cabrini Green Tutoring Program from 1975-1990. The program grew from 100 to 300 pairs of teens and volunteers over 15 years.
- Led Cabrini-Green Tutoring Program, Inc. from 1990 till October 1992. The number of youth grew to 440 and the number of volunteers grew to 550.
- Led Cabrini Connections from 1993-2011. The program started in 1993 with five teens and 7 volunteers and enrolled more than 600 teens and 800 volunteers in the next 18 years.

I'm now connected to many alumni of these programs on social media and seeing them post stories of their own kids finishing high school and college. That's the long-term benefit of such programs.

I helped grow the Lawyers Lend A Hand to Youth Program (<http://www.lawyerslendahand.org/>) from a \$2k award in 1994 to a \$2 million foundation in 2007.

With no professional fund raising staff, limited dollars, no board members with connections to City Hall or wealthy families, I raised more than \$6 million between 1993 and 2011 to support operations of Cabrini Connections, Tutor/Mentor Connection.
